The Clean 20: 20 Foods, 20 Days, Total Transformation

by Ian K. Smith, MD

From the New York Times bestselling author of SHRED and Blast the Sugar Out, the ultimate guide to clean eating!

What is clean eating? In his newest diet book, Dr. Ian K. Smith teaches readers the benefits of clean eating and how to implement it in their own lives. He tells readers how to easily reduce unhealthy processed foods in their diets, a key to weight loss, disease prevention, and overall health. The Clean 20 focuses on twenty clean foods--from avocado to whole wheat pasta and everything in between--that readers can easily find, prepare, and incorporate into their diets. The Clean 20 includes a complete clean eating program with a daily meal plan, 60 recipes and substitutions, as well as 20 minute easy-to-work-in workouts.

Dr. Ian knows what works: it's not eliminating food groups, but choosing foods within each group wisely to satisfy the palate and the body's nutritional demands. The Clean 20 isn't just vegetables. Grains are in. And so is fruit, fat, meat and fish. When palate and nutrition are in sync, weight loss not only follows, it sticks. The Clean 20 is a life and body changer.

Clean Sweets: Simple, High-Protein Desserts for One

by Arman Liew

High-protein desserts that taste great, are easy to make, and serve one or two.

Giving up dessert is no fun, so health-savvy folks have long tried to find ways to satisfy a sweet tooth. But so many Paleo-style desserts are complicated, with long lists of hard-to-find ingredients. They also often make too much of a good thing, which is almost as bad as not having it at all. Arman Liew discovered a way to have his cake and eat it too—in decadent creations that indulge the appetite and pack in the nutrients. From breakfast reinvented to no-bake treats, recipes include:

- Protein Peanut Butter Cups
- Dark Chocolate and Salted Caramel Waffles
- Molten Lava Cake
- White Chocolate Raspberry Bars

There's no tapioca flour, coconut nectar, or xanthan gum to be found here. Make something sweet the moment the craving hits, from foods that are already in the cabinet. Add in terrific photography and this is a book every health-conscious person should have on hand.
