White House Wants Your Feedback on National HIV/AIDS Strategy

May 15, 2015

Do you have ideas on how our nation can better deal with the HIV epidemic? Now's your chance to share them. The White House Office of National AIDS Policy is updating the National HIV/AIDS Strategy (NHAS) and is seeking feedback until Friday, May 22.

Released in 2010, the NHAS is the country's first comprehensive plan to battle the epidemic. You can give feedback on four different subjects:

Reducing new HIV infections

Increasing access to care and improving health outcomes for people living with HIV

Reducing HIV-related disparities and health inequities

Achieving a more coordinated national response to the HIV epidemic
