Perspectives: Hands Up, You’re Black [VIDEO]

Perspectives is a space for POVs impacting our community, our world, and our people! We live in a society that has so much to say about our culture and our world but few understand our reality. It’s OUR time from OUR view on OUR experience! Welcome to Perspectives!!! This episode explores the tough conversation around “Police Brutality & Racism.” Today we see more and more officer involved shootings and incidents with people of color. Has racism taken on new forms? So many unanswered questions. We understand all law enforcement is not bad. The issue arises in how do we handle incidents when they arise? We love a healthy debate and realize everyone will not share our experience! SHARE, COMMENT, LIKE!!!!!!!!!!!!
