

3rd World Congress on COPD and Pulmonary Disease

[Scitechseries](#) proudly presents the **3rd World Congress on COPD and Pulmonary Diseases (COPD 2026)** scheduled for September 09-10, 2026, in Barcelona, Spain. This prestigious hybrid event invites experts, researchers, and healthcare professionals from across the globe to connect, collaborate, and advance the field of respiratory medicine under the theme — **“Redefining Respiratory Medicine: Innovations in COPD and Pulmonary Care.”**

[\(COPD 2026\)](#) will serve as a premier platform to delve into the latest breakthroughs in the diagnosis, management, and treatment of Chronic Obstructive Pulmonary Disease (COPD), asthma, pulmonary fibrosis, and other respiratory disorders. The congress will feature keynote lectures, interactive panel discussions, hands-on workshops, and poster presentations, fostering knowledge exchange and collaboration among global participants. This event is designed for pulmonologists, respiratory therapists, researchers, clinicians, students, and pharmaceutical professionals dedicated to improving respiratory health worldwide. Join us in Barcelona for an inspiring and impactful experience as we explore cutting-edge innovations and shape the future of pulmonary care.
